DEBRIEFING

What happens after the STM is more important than what happened during the mission.

The debriefing session is to help participants and their pastors understand the reverse culture shock after the STM, proceed to the next step for the mission, and how to practice what they have learnt in the mission.

Please be reminded that, you are required to stay behind for the debriefing session after the STM, so you may leave Hong Kong two days after the STM trip.

Date: To be Confirmed

*The content of the STM is subject to further updates.
The information on our website shall prevail.

Striving Together In Unity

CCMN believes that mission is a movement.

Over the past 27 years,
this movement has grown in ways we have never imagined.

In 1997, CCMN was officially established during the
Asia-Pacific Praying and Dreaming Summit in Hong Kong.

At that time, we decided that the foundation of our network must be missions,
and that same year, we sent our first missionary.

Pastor Ben Wong said,
"CCMN was born from the Praying and Dreaming Summit,
which is very fitting. Looking back on these 27 years,
it feels like a dream—something only God could accomplish.

We didn't even have the courage to dream this big.
We simply trusted God, obeyed Him, and followed His lead.
That's how we came together for missions."

Mission is church-centered and, most importantly, Christ-centered.
It's not about the church's agenda but about Jesus Christ's will.

This year's theme, "Striving Together in Unity",
reminds us to return to Christ-centered missions.

In this journey, we may face challenges, uncertainties, and even differences.
But God is the one who brings order—not human order, but His perfect order.

In today's fast-changing world,
the global church needs to unite and embrace one another's differences.
True unity doesn't erase uniqueness—it values and needs diversity.
Let us continue to move together and "Striving together in Unity".
